

PRODUCT CHANGE NOTICE

Issue Date: April 13, 2018

Notification No: PCN-2503010

Models Affected:

- MGPIH-2000F-G2
- MGLSH-2F-G2
- MGLSH-3F-G2
- MGLSH-3BF-G2
- MGDCH-2108F-G2
- MGDCH-2112F-G2
- MGDCH-2116F-G2

Description of Change:

Antronix changed the label of the line passives so that the printed insertion loss for each port represent the nominal loss at the highest frequency of operation per the latest SCTE standardization (see ANSI/SCTE-153-2016 section 3.4). The prior loss values represent the insertion loss in the VHF range which was used in legacy products.

MGPIH-2000F-G2 and MGPIH-2000AC-G2

Additional Information:

No change to the product itself other than the label applied to the unit. No impact to fit, form and function. We will use up existing inventory of old labels before implementing the new labels. Estimated date of implementation is July 2018 production.
